At NameerabyFarooq you get the Perfect Bridal Dress that meets your Design and Creativity. Learn how we make that happen. Step 1: Dress Selection You can choose any dress on our website or ask us for a completely custom design that is unique to you. According to Latest Fashion Trends, our Designers give you a perfect style and prepare the exact dress as you've described. If you want to change any design or details you can contact our Designers who are available 24/7. You can call them if you have any queries and with the help of our Expert Designers, you can prepare your own Signature design for your event. Step 2: Sketching and Fabric Dye Once you are satisfied with your choice we have expert sketch makers who make detailed sketches of your chosen Bridal Attire. Then we show it to our customers and Dye the Fabric according to the exact color of the Product. Once the sketch is made and the Fabric is dyed, we send the sample to our customer's doorstep. When the customer approves of the sketch and color, we start our work. According to the measurements given by the customer, we prepare the exact Masterpiece. Step 3: Measurement Meeting After we have decided on our sketches and color we set up a detailed measurement meeting in which we guide you through the measurement process for an exact measurement and fitting. We make sure that the dress is stitched finely and according to the demand of the customer. But to ensure the happiness and peace of our Customers we prefer double stitching so that customers can adjust the fitting accordingly. Step 4: Stitching, Changes, and Transparency While preparing the attire we remain in constant contact with our customers and regularly update you regarding the progress of your dress to see if you want any possible changes and also to create a healthy and trustable environment. So you have complete peace of mind and transparency throughout the whole process. Step 5: Final Review and Quality Standards When the Bridal Dress is prepared we do the Final Review with our Customer to make sure that there isn't any error. A Double check is performed before packaging by our Quality Standards Department. When the customer is satisfied and we have ensured that there is not an issue we start the Shipping process.
